

zCover Press Release

FOR IMMEDIATE RELEASE

zCover® announces the Ruggedized Healthcare Grade Silicone Case for the Honeywell® Dolphin® 7600 mobile computer with Windows Mobile® 6.0

RICHMOND, BC, CANADA – October 29, 2009

zCover® is now shipping the [HW76AH Ruggedized Healthcare Grade Silicone Case](#) for the Honeywell® Dolphin® 7600 mobile computer with Windows Mobile® 6.0. The Ruggedized Silicone Case offers better protection and keeps the Dolphin 7600 secure, guarding it from damage due to impact, dirt, dust and demanding environments. It provides hands-free, portability and is designed for use in industrial settings, fleet or fieldwork and healthcare facilities.

The HW76AH silicone case has a comfort grip, form-fitting, contour design with reinforced silicone edges and fits all sub models of Dolphin® 7600 mobile computer with Windows Mobile® 6.0. It features a unified flat, ultra-thin, transparent navigation panel and keypad protector that accommodates variations of key configurations and protects buttons from germs and wet weather conditions.

The side buttons are covered with a soft-touch layer of silicone and are comfortable to use. The functional case design also includes open, accessible scanner, stylus, I/O connector, jacks and IrDA port and openings for the microphone, headphone and LEDs.

zCover's cases are proven to reduce bacteria on shared handhelds used by health care staff in hospitals and clinics. Recent studies have shown that a high percentage of handhelds used by health care workers in hospitals are contaminated by a number of dangerous bacteria and pathogens. zCover silicone cases protect shared handhelds and can be hand washed with soap, detergent, or disinfected by using germicidal wipes, alcohol, microwave and

autoclave.

The HW76AH Belt Clip Pack comes with a removable, rotating Universal Belt Clip, so the Dolphin 7600 can be worn in a convenient, upright direction while attached to belt. The Belt Clip has high clamping power and a hook on the bottom that prevents it from being pulled off the belt loop accidentally, ensuring the Dolphin 7600 stays securely attached.

The Belt Clip Pack is also compatible with zCover's Adjustable Shoulder Strap, offering another convenient way to carry and wear the Dolphin 7600 hands-free, perfect for healthcare and other professionals who wear uniforms that do not have a belt. The Shoulder Strap is fully adjustable so one-size fits all and it features a small, strong clip that attaches to clothing, keeping phone secure, close to the body and preventing it from swinging into objects.

The Ruggedized Silicone Case for Honeywell® Dolphin® 7600 mobile computer with Windows Mobile® 6.0 comes in seven (7) ice colors, clear, grey, blue, green, red, purple and yellow. The Belt Clip Pack sells from SRP \$54.99 USD. zCover products, Shoulder Strap and additional accessories can be purchased online at www.zcover.com.

###
