

zCover Press Release

FOR IMMEDIATE RELEASE

zCover's latest version of Windshield Clip with extended, one-press release button is ideal for mounting handheld devices for hands-free use

RICHMOND, BC, CANADA – September 21, 2009

Mount on angled surface

Mount on vertical surface

Mount on horizontal surface

zCover is shipping the latest edition of their Windshield Clip Set, used for mounting handheld devices on vehicles, boats and any smooth, flat surface in a zCover case. The Windshield Clip can be placed on front and side windows in cars and trucks, on dashboards of boats and on desktops, tables and counters for a portable hands-free workstation. The recently released model features a longer, one-press release button so it's easier to reach and faster to attach or remove handhelds from the Windshield Clip.

The Windshield Clip Set is ideal for mounting GPS devices, mobile phones and media players, allowing devices to be docked, accessed and charged just about anywhere. The Windshield Clip is flexible, with a two-stage, pivot design that mounts onto vertical, horizontal and angled surfaces. The main arm pivots to 45 and 90 degree angled positions while the second arm that clips onto the device, pivots and clicks into five-gear positions at 0, 45, 90, 135 and 180 degree angles. Both driver and passenger can access the device while it's in the Windshield Clip. Featuring a super-strong, suction cup, zCover's Windshield Clip is the only one on the market made with safety, see-through plastic so it doesn't block the vehicle operator's view. A tab on the suction cup makes it easy to mount and remove the Windshield Clip with one-hand. Tested by a third-party, the Windshield Clip suction cup will hold over 50lbs for over a week when attached on a vertical, glass surface.

The Windshield Clip Set is used with zCover's Universal Belt Clip*. The Belt Clip attaches to zCover's protective silicone, hard plastic and TPU cases and can be used with zCover's interchangeable accessories, including zCover's Armband, Shoulder Strap Clip, Sun Visor Clip, Holster Carrying Case and Shirt Clip.

zCover's Window Clip Set sells for \$24.99 USD. All zCover products and packaging are made with recyclable materials to reduce paper usage and save trees.

Additional zCover accessories and combinations are available online at www.zcover.com.

* Universal Belt Clip sold separately
