FOR IMMEDIATE RELEASE

## zCover starts shipping Dock-in-Case silicone bumper for Apple iPad

RICHMOND, BC, CANADA – April 04, 2009

zCover® announces to start shipping its [gloveOne silicone protection case for the new Apple iPad](#). zCover AP1A series gloveOne case features its functional, stylish design and introduce the patent filed Dock-in-Case™ smart design to Apple iPad users. It allows the iPad to be docked into Apple original iPad Dock while it's still in zCover case.

zCover gloveOne iPad case is form-fitting, contour design with advanced ergonomic engineering concept. Side finger grips are comfortable to use. Space between finger grips and stylish back open formed a unique Airflow Cooling System, cools iPad around clock.

Besides full access to all control functions, ambient light sensor, and die-cut open for speakers, microphone, and headphone jack, zCover functional case has an integrated flip cover protecting Apple Dock Connector Port.

zCover gloveOne cases are tested compliant with FDA RoHS, and proven to reduce bacteria on shared handhelds used by health care staff in hospitals and clinics. Recent studies have shown that a high percentage of handhelds used by health care workers in hospitals are contaminated by a number of dangerous bacteria and pathogens. zCover silicone cases can be hand washable or disinfected by using germicidal wipes.

This most ruggedized protective bumper case only increased the thickness of iPad less than 2 mm. Pairs with this silicone case, zCover is going to start shipping a hard protective shell next week.

This AP1AH gloveOne iPad Dock-in-Case silicone bumper case retails for \$39.99 USD. All

zCover products and packaging are made with recyclable materials to save our earth. Additional accessories and combinations are available online at [www.zcover.com](http://www.zcover.com).

###
