

zCover Press Release

FOR IMMEDIATE RELEASE

RICHMOND, BC, CANADA – August 25, 2010

zCover® Universal Ruggedized Healthcare Grade Silicone Case for Intermec CN50 Numeric or QWERTY Keypad Mobile Computer

With INTERMEC technical support, zCover designs and develops [zCover® Universal Ruggedized Healthcare Grade Silicone Case for the Intermec CN50 Numeric or QWERTY Keypad Mobile Computer](#) with patent filed Dock-in-Case™ concept.

One Case fits both Numeric and QWERTY Keypad CN50

This Universal Ruggedized Silicone Case offers a better protection and keeps Numeric or QWERTY Keypad CN50 secure, guarding it from damage due to impact, dirt, dust and demanding environments. It provides hands-free, portability and is designed for use in industrial settings, fleet or fieldwork and healthcare facilities.

Dock Into Charger Cradle With This Carrying Cases On

Designed with patent filed Dock-in-Case™ concept, this carrying case is 100% compactable and dockable into zCover Unified Dual Chargers or zCover Unified Multi-Charger for Intermec CN50 Numeric or QWERTY Keypad Mobile Computer and battery packs, related products are available at www.zcover.com.

Latex-free, HealthCare Grade Silicone Rubber

Crafted from non-toxic, latex-free, HealthCare grade silicone rubber, gloveOne cases are super-strong and keep phones safe from dirt, scratches, liquids and impact. It is proven to reduce bacteria on shared handhelds used by health care staff in hospitals and clinics. Recent studies have shown that a high percentage of handhelds used by health care workers in hospitals are contaminated by a number of dangerous bacteria and pathogens. zCover silicone cases protect shared handhelds and can be hand washed with soap, detergent, or disinfected by using germicidal wipes.

Ergonomics Design

CN50 Universal Ruggedized Silicone Case has a comfort grip, form-fitting, contour design with reinforced silicone edges and fits Intermec CN50 mobile computer Numeric or QWERTY Keypad version. It features an ultra-thin, transparent navigation panel and keypad protector that accommodates Numeric or QWERTY Keypad configurations and protects buttons from germs and wet weather conditions. The side buttons are covered

with a soft-touch layer of silicone and are comfortable to use. The functional case design also includes open, accessible scanner, stylus, Camera lens opening and openings for the microphone, headphone, hand strap and LEDs.

Universal Accessories Enhanced the Functionality

The CN50 Ruggedized Healthcare Grade Silicone Case Retail pack includes a **removable, rotatable Universal Belt Clip**, so users can have Intermec CN50 at a convenient, upright direction while attached to belt. The Belt Clip has high clamping power and a hook on the bottom that prevents it from being pulled off the belt loop accidentally, ensuring the CN50 stays securely attached.

CN50 Universal Ruggedized Silicone Case also compatible with **all zCover Universal Clips, Wide Belt, Adjustable Shoulder Strap** offering another convenient way to carry and wear the CN50 hands-free, perfect for healthcare and other professionals who wear uniforms that has a wide belt or do not have a belt. The Shoulder Strap is fully adjustable so one-size fits all and it features a small, strong clip that attaches to clothing, keeping device secure, close to the body and preventing it from swinging into objects.

zCover **CN50CH** Universal Ruggedized Healthcare Grade Silicone Case for the Intermec CN50 Numeric or QWERTY Keypad Mobile Computer is classic mono-color style case, which is made from transparent silicone; there has seven colors to meet your requirement. SRP@\$49.99USD.

There are other TWO (2) models of dockable ruggedized healthcare grade silicone carrying case for Numeric Keypad CN50, and additional accessories for Intermec CN50 Mobile Computer can be purchased online at www.zcover.com or offline with PO at sales@zcover.com
